Hello, Master!
I can't believe I'm meeting a Master whose been in hiding for so long! It's a glory sir!
W... Who are you...?
New Comer in Murim, My name is Eun Aran sir.

Why'd ya call everyone here?!
I'm busy as hell fighting those robot things!

Be quiet. Who here isn't fighting those robots?
We're just masters trying to live a peaceful life by hiding in plain sight....
I wan't to know the identity of those robots and what they're after. Why're they attacking us?

Damn it this is frustrating!

Yo~ Did jya wait long?
따그닥

Everyone must be busy, but thanks for gathering up
we haven't seen each other in so long
I'm glad you guys are alive.

You know we're damn busy
so get to the point!
If you weren't recognized Master
of the Main family I would've just
ignored you!
What's the point of calling us here?
I'm busy protecting my own from those
robots!

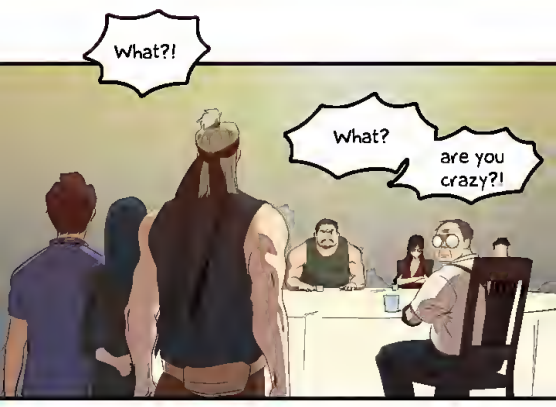
I know you guys are having trouble because of those robots.
Because of our doctorines we are suppose to hide and live in plain sight but now that those robots have arrived you guys must be having loads of trouble.

However! We have a solution here.
First and foremost let me introduce you these kids.

Who are they?
Shall we leave it at rising Master of Murim?
I'd like to call them the 3 Masters of Murim!

3 Masters of Murim?!
This is the first time I've seen em!
He's right, and they're fresh bloods on top of it. Are you messing with us old man?

I'm not done talking..
I'm thinking of uniting the entire world of Murim...



What?!
What?
are you crazy?!

The robots constantly attacking us is a bigger problem then you think.
We need to create a new Murim Alliance in order to unite all the masters together.
And, we'll put Aran as the leader of the New Murim Alliance!

You're saying that bloodbag is going to become a leader and on top of it they're the 3 Masters of Murim?! Talk some senses old man!!

You're out of your mind! You're insane!

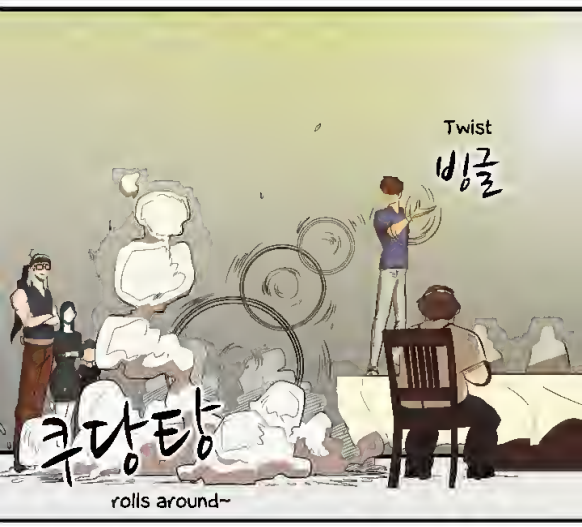
If you have your doubts attack him

What!!?

I told you stop yer babberin and attack! test him!
Uhh. Scuse me...
저...저기!

탕!
HAAA!

Paa



rolls around~

If you doubt him
you can attack him one by one!

However if you lose to him in a fair fight
you become his underling!
He will become our new Leader for
The New Murim Alliance!

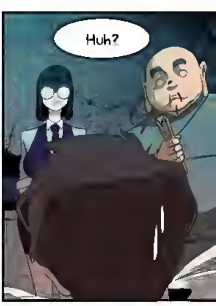
Looks
ahhh?



Huh?

What was that?
Touches~

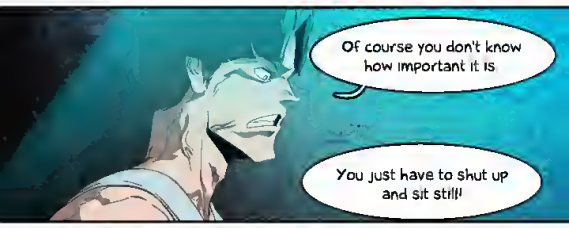
That didn't hurt at all...

What's wrong with me?!

Touch~

That power is the reason why we're protecting you Aran
You've received all of our Grand Masters Ki

You have a 500 year old ancient ki running through your body. Being able to neglect pain isn't just all of it.
Huh....
500 Years?
Pissed
버럭
I'm not sure what you're trying to get at but...
You're frustrating me god damn it
Is this a Kindergarden? are you gonna grab his hands and teach him everything?
Hey, Kid.
We don't have the time to explain everything step by step, so just shut up and sit still.
You haven't the faintest idea what that Ki means to us do you?
Angry
버럭
Surprised
깜짝
All of Hongmoon clans history and our life is connected to that Ki!



Of course you don't know how important it is
You just have to shut up and sit still!

확
That isn't something to say to someone who doesn't know anything!

Can't you tell whose making the mistake here?

We don't know when or where
으득
But there could be another one of us being attacked!

And that kid who doesn't know Anything
Has the 500 year old Ki that the Grand Master should have!
If you knew how to utilize it you could become the most powerful in all of Murim!

That Ki was suppose to be Mine!!
If I had it right now I'd be getting revenge for our Grand Master!

Brother!
Calm down and think!
Who here has enough experience to pull out a 500 year old ki and successfully reimplement it on another?

It is not something we can move around!
We need someone of at least Grand Masters experience!

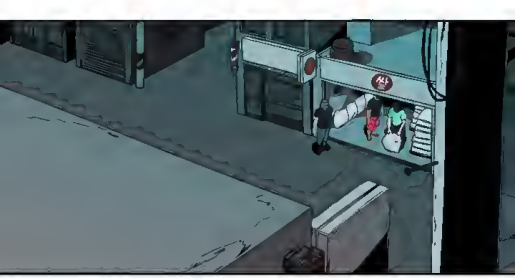
What we should be doing right now isn't threatening a harmless boy

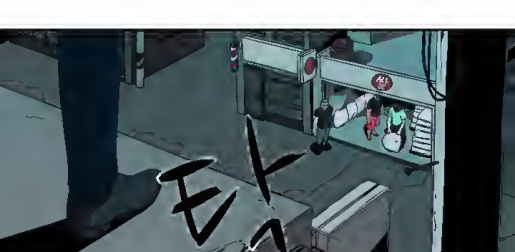
We need to look for a hidden Master whose skill is equal to that of our Grand Master!
Do you understand?!

.....

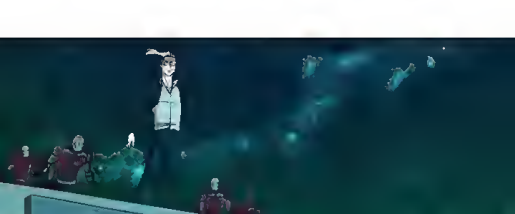
Until that point we need to protect that kid
Our Grand Masters Ki reside within his body

That kid is the only hope that we have...

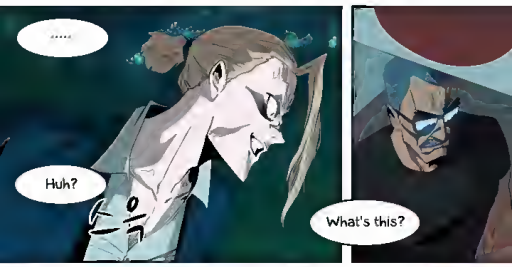




ドン



Phew, it's been a while
A hidden dojo disguised as a ordinary rice market "Training Facility"

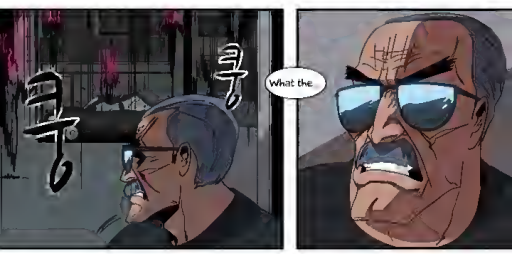


.....
Huh?
What's this?

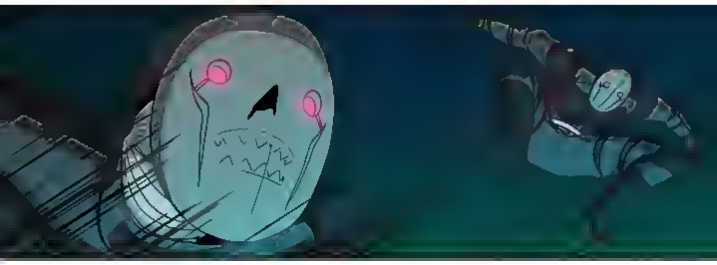
Haaa?
The heli? that old man is still alive?

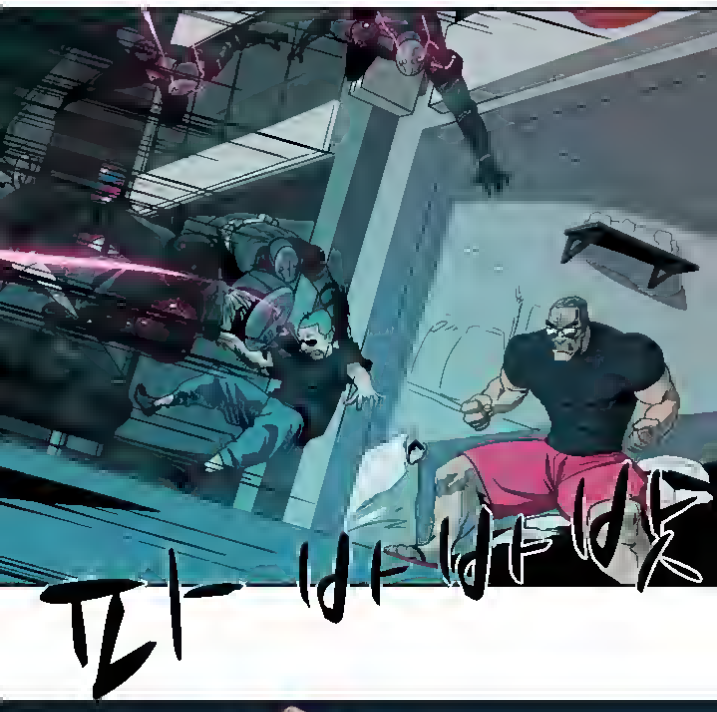
Wow... it's been couple years but it doesn't look like he's aged a bit
"Tiger Teacher"

Good to see ya really



What the





I was gonna come visit ya eventually anyways...

Hehehe

Then who else other than me
Is capable of killing the Grand Master?

Y...You...

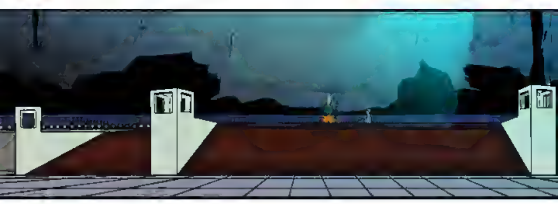
Uwaaaaa!!
You ungrateful bastard!!!!

Hehehe...

The way you come at me is the same way the Grand Master died

Let's spar a little
It's been a while

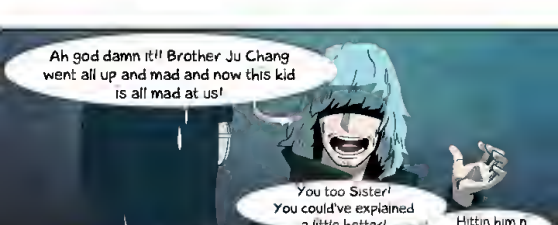


Hmm...
Hey kid...

....

We..
Aren't trying to kidnap you or anythin'..

This is...



Ah god damn it!! Brother Ju Chang went all up and mad and now this kid is all mad at us!
You too Sister! You could've explained a little better!
Hittin him n all that

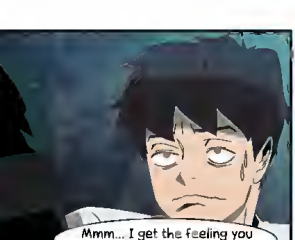
W..Wait, I didn't bring the ki....

HEY!
It's ok, It's ok.
Make yourself comfy relaxax..

I'm a little better than them so you can trust me.
Now stop that frowning and listen to us for a second

Uhh
Lemme explain who we are first.

Well, we're not that bad but..
Actually we're the really good guys.

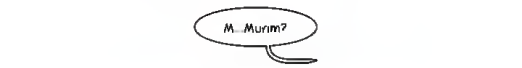


Mmm... I get the feeling you don't trust me...

Well I don't blame you.
We pretty much forced you here without your consent.

Our Clan is called "HongMoon".
We're one of the Main Families in Murim and we've been around for 500 years.

In the entire 10,000 population of Korean Murim personnel,
We are the youngest and the most skilled



M...Murim?

Did you say Murim just now?

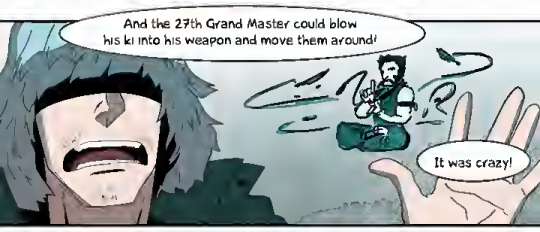
Yeah! Like kung fu or the people that comes from Martial Arts novel! People with Abilities far beyond normal
People who use Ki in their bodies to block things such as Sword attacks or, fire Hadoukens from their hands, you know them right?

You've seen movies where people are in bamboo fields flying across and sword playing
Like Earth Shattering Strike, Lightning Steps, 18 Dragon Strikes and stuff like that

So you're telling me that everyone here is a person from murim?
and that all of you can use this Ki thing?

Correct! We are the ones that use Ki to do all those stuff
Flying across the woods, and Firing stuff with our hands right?
We've been in hiding since long ago. That's why I'm disguised as a hobo

In the Hongmoon clan history the 13th Grand Master could walk on water like it was a flat surface.
!!?



And the 27th Grand Master could blow his ki into his weapon and move them around!
It was crazy!

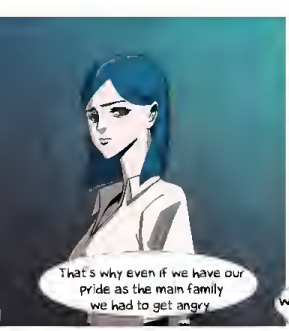
And...
The 48th Grand Master

Had the greatest skill in the history of Murim
He could collect ki in his hands and blow away whole forests!

... Well
You should've seen it in front of you
You don't need for me to explain right?

The one who got attacked by those mysterious assassins
And eventually fell in battle
That was our Grand Master

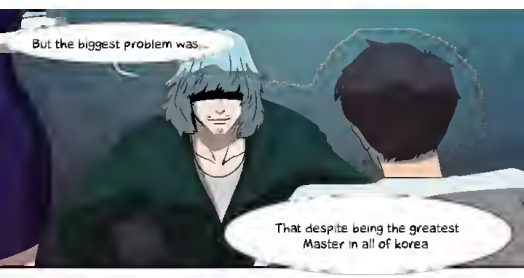
He was known as the Greatest Master in all of Korea



That's why even if we have our pride as the main family we had to get angry

We didn't look up to him as just a Master He was like a father to us as well

To be honest we were quite baffled
I'm sure Su Jung is having the toughest time of us all



But the biggest problem was...
That despite being the greatest Master in all of korea

All the ki in his body was missing without a trace.

What we the bewildered disciples found
Was you next to the corpse of our master...

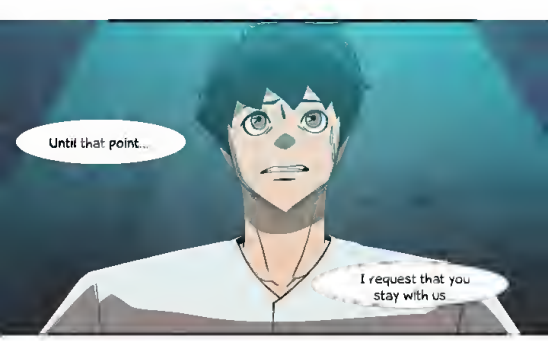
And...

The 500 year old ancient ki everyone had been protecting up until this point
Is in your body

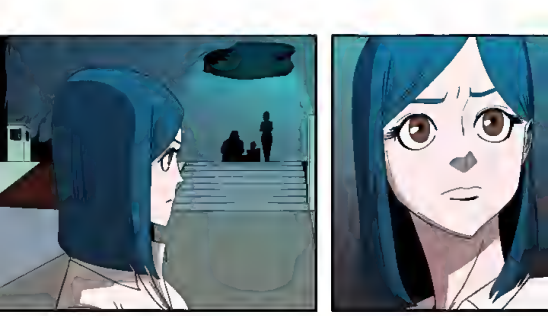
What brother Ju Chang said was correct. If you knew how to utilize that power you could become the greatest being in all of murim.
That's why that power cannot fall into the hands of the wrong person.

That's why we were forced to kidnap you.
To protect you with our lives.

Until we find the right person to pass on that ki to...



Until that point...
I request that you stay with us.



Bang!
꽝

SU JUNG!!!
